CAREER OBJECTIVE

As a driven and highly motivated third-year Computer Science Engineering student, my career objective is to secure a challenging software engineer role that allows me to apply and expand my technical skills, while contributing to innovative projects and gaining valuable industry experience. I am committed to continuous learning and growth in the field of software development, with a strong focus on problem-solving, teamwork, and delivering high-quality solutions that positively impact users and organizations.

PROJECTS

- Hospital Management System**
Worked in team on this project which aimed to develop a website that hospitals can use to digitize and manage their data effectively.
- REST-API**
I have demonstrated CRUD (create, read, update, delete) operations in this project. I have used node.js and express to make the rest API.
- CU-GRADS:** The project "CUGrads" is an information app aimed at enhancing student connections at Chandigarh University. The app facilitates seamless networking, information exchange, and collaboration among students, fostering a vibrant community within the university made using Flutter and Firebase.

CERTIFICATIONS

- Front-End Web UI Frameworks and Tools: Bootstrap4 - Coursera.
- IBM Full Stack Software Developer - Coursera.
- The complete Web Development Bootcamp by DR. Angelou Yu - Udemy
- Academic Paper Writing and IPR - LinkedIn Learning
- Data Visualization with R - Coursera

EXTRA & CO-CURRICULAR ACTIVITIES

- Awarded the best geek of the Section award- Computer Science and Engineering Dept. 2nd year
- Served as Graphics Coordinator at IEEE Computational Intelligence Society, Chandigarh University Student Branch.
- Published a review paper on "From Bias to Fairness: A Review of ethical considerations and mitigation strategies in Artificial Intelligence" - March 2023

TRAINING

- Summer Institutional Training in Full Stack Development - Coursera**
Completed a Full Stack Development course on Coursera during my university's summer training program, which included guided projects that improved my web development skills

SKILLS

Technical Skills

- Languages:** C++, Java, Python
- Lib/Frameworks:** Javascript, Bootstrap, UI/UX, NodeJS
- Android Dev:** Flutter Basics
- Domains:** Data Structures & Algorithms, DBMS, CN, OOPS
- Miscellaneous:** GIT, GITHUB, Version Control

Interpersonal Skills

- Problem Solving
- Decision Making
- Team work
- Leadership
- Adaptability
- Communication

EDUCATION

Bachelor of Engineering - CSE | Chandigarh University

Session : 2021-2025 | CGPA : 7.43

Intermediate(CBSE) | Himalayan Residential School, Patna Bihar

Session : 2019-2021 | Percentage : 75 %

Matriculation(ICSE) | St Mary's School Barbil

Session : 2009-2019 | Percentage : 86%
